BIKE EXPLORER

BIKE explorer is the magazine in the Netherlands and Belgium for recreative and adventurous cyclists. Distribution is 4x a year in print (circulation 10.000 copies) and as online magazine via subscribers, newsstand sales and through our cooperation partners. *BIKE explorer* is a specific special interest magazine for cyclists who want just that little bit more. 'Explorer' indicates the mindset of the title, inspiration, information and advice. The focus point to each article or column will be 'exploring': new (-s), discovery, perception, experience.

THE BIKE

BIKE explorer does not focus on a specific type of bicycle, so in the magazine come across city-, tour-, mountain bike-, racing- and gravel bikes. Whether or not in an E-version. Obviously the magazine pays ample attention to the latest models and accessories. Every issue brings news, product information, tests and fun prize draws.

THE DESTINATIONS

BIKE explorer wants to inspire the reader to explore the surroundings close to home, but also in countries surrounding us. The articles focus on the most beautiful areas in the Netherlands, Belgium and Germany. Of course we also are open minded to areas a little further away, such as Northern Italy, Austria, Switzerland, Luxembourg, France. The cycling areas in these European countries are the core of *BIKE explorer*. This doesn't mean that the editors will ignore a beautiful region in one of the other countries in Europe, such as Portugal, Spain, Italy (rest), UK, Ireland, Norway, Sweden or Denmark. Obviously a world cyclist also publishes his or her story about a cycling trip outside Europe.

TARGET GROUP

The reader of *BIKE explorer* lives in the Netherlands or in Flanders and is a **recreational cyclist** with cycling as his primary hobby. He/she spends a lot of time on this in his/her spare time, weekends and holidays. For our readers, the bicycle is synonymous with adventure, discovery and freedom. They like to go out alone, with a partner, family or friends to enjoy these experiences. Active, recreational and enjoyment are paramount. The readers of *BIKE explorer* spend the necessary time and money on the maintenance of the bicycle. Tips for maintenance, accessories and all products that contribute to comfort and enjoy the hobby even more are welcome. Our readers can be found in all layers of society, with the common denominator that they like to be on the road a lot and discover new areas, routes and hotspots by bike and are happy to clear funds for this.

BIKE EXPLORER ONLINE

By default, an online edition also appears next to each print edition. Content is selected from each part of the magazine so the digital magazine is a representation of the print issue. In addition to the infotorials of partners, also advertisements are added. These digital issues are also offered to subscribers and selectively distributed in the target group 'as an introduction' for extra reach and for subscriber acquisition.
